38.1. Despite any inducements that the Company may pay or receive from third parties, in order to avoid any possible conflicts of interest, we have in place a "Conflicts of Interest Policy" and all our staff is trained on and signs a declaration to confirm they understand and uphold. A summary of the Conflicts of Interest Policy is accessible on our website.

39. Authorised Representative

39.1. The Company may in certain cases accept an Authorized Representative on behalf of the Client to place Orders to the Company or to handle any other matters related to the Client Account or this Agreement, provided the Client notifies the Company in writing of the appointment of an Authorized Representative, submits the relevant documentation (such as Power of Attorney and KYC documents) and this person is approved by the Company fulfilling all of the Company specifications for this.

39.2. Unless the Company receives a written notification from the Client for the termination of the authorisation of Authorized Representative, the Company, without prejudice to paragraph 40 herein below, has the right to continue accepting Orders and/ or other instructions relating to the Client Account by the Authorized Representative on the Client's behalf and the Client will recognize such orders as valid and committing to him.

39.3. The written notification for termination of the authorization of the Authorized Representative has to be received by the Company with at least five Business Days' notice prior the termination of the authorization date.

39.4. The Company has the right (but NOT an obligation to the Client) to refuse to accept Orders and/ or other instructions relating to the Client Account from the Authorized Representative in any of the following cases:

- (a) if the Company reasonably suspects that the Authorized Representative is not legally allowed or properly authorized to act as such;
- (b) an Event of Default occurred;
- (c) in order for the Company to ensure compliance with the relevant market rules and or practices, Applicable Regulations or other applicable laws; or (d) in order to protect the interest of the Client.

40. Multiple Account Holders

40.1. Where the Client comprises two or more persons, the liabilities and obligations under the Agreement shall be joint and several. Any warning or other notice given to one of the persons which form the Client shall be deemed to have been given to all the persons who form the Client. Any Order given by one of the persons who form the Client shall be deemed to have been given by all the persons who form the Client.

40.2. In the event of the death or mental incapacity of one of the persons who form the Client, all funds held by the Company or its Nominee, will be for the benefit and at the order of the survivor(s) and all obligations and liabilities owed to the Company will be owed by such survivor(s).

41. Taxes

41.1. It is agreed and understood that the Client shall be solely responsible for all filings, tax returns and reports which should be made to any relevant authority, whether governmental or otherwise, and for payment of all taxes (including but not limited to any transfer or value added taxes), arising out of or in connection with his trading activity with the Company hereunder. It is possible that other costs, including taxes, relating to transactions carried out on the Platform may arise for which the Client is liable and which are neither paid via us nor imposed by the Company. Without derogating from the Client's sole and entire responsibility to account for tax due, it is agreed that the Company may deduct tax, as may be required by the applicable law, with respect to the Client's trading activity on the Platform. The Client is aware that the Company has a right of set-off against any amounts in

the Client Account with respect to such tax deductions, and hereby authorizes the Company to withdraw amounts from the Client Account with which to pay such taxes. The Client shall have no claim against the Company with regard to such deductions. The Client further agrees that such deductions may mean that the Margin Requirements are not met.

41.2. The Client undertakes to pay all stamp expenses relating to this Agreement and any documentation which may be required for the currying out of the transactions under this Agreement.

42. Currency Conversion

42.1. For any conversion required to be converted from one currency to another for effecting any transaction or act by the Company pursuant to this Agreement, the Company is entitled to debit the Client Account with the equivalent amount of the transaction in the currency of the Client Account. 42.2. The Client acknowledges and agrees that the Client shall undertake all risks deriving from any such conversion and in particular, without prejudice to the generality of the above, the risk of loss which may be incurred as a result of fluctuations in exchange rates.

Appendix 1 – CFD TRADING TERMS

1. Scope

1.1. This Appendix is applicable only to those Clients trading in the Financial Instruments of CFDs, by either placing Orders themselves or through Portfolio Management service.

2. Types of CFD Orders

2.1. The following CFD Orders may be placed with the Company, depending on the types of Client Account:

- (a) Previously Quoted. The Client sends new Orders with a reference to a previously received executable price.
- (b) Limit Orders executed according to Client specifications at the limit price or better until they are filled, cancelled, or expired.
- (c) Market Orders are executed immediately at the best available price in the system.
- (d) Market Range. Orders are executed immediately at the best available price in the system as long as the slippage is within the range specified.
- (e) Stop Orders are active but do not execute until the market price reaches the Order's trigger price. Orders are then executed as market or market range orders depending on whether or not the related field is specified.
- (f) Stop Limit Orders are active but do not execute until the market price reaches the Order's trigger price. Orders are then executed as limit orders at the order limit price or better.
- (g) One Cancels the Other (OCO). OCO orders consist of two orders submitted separately and tied by their order IDs (add here what the letters IDs stand for).

3. Placing, Cancelling or Removing Orders and Execution of Client Orders

3.1. Orders can be placed, executed and (if allowed) changed or removed within the Trading Hours for each type of CFD appearing on the Company's Website and/or the Platform, as amended from the Company from time to time.

3.2. Pending Orders, not executed, shall remain effective through the next trading session (as applicable).

3.3. Market Orders not executed because there is not enough volume to fill them, will not remain effective and will be cancelled.

3.4. All open spot positions will be rolled over to the next business day at the close of business in the relevant Underlying Market, subject to the Company's rights to close the open spot position. Any open forward positions will be rolled over at the expiry of the relevant period into the next relevant period subject to the Company's rights to close the open forward position.

3.5. Orders shall be valid in accordance with the type and time of the given Order, as specified by the Client. If the time of validity of the order is not specified, it shall be valid for an indefinite period. However, the Company may delete one or all pending orders if the Client Account Equity reaches zero. However, the Company may delete one or all pending orders at Stop Out level as defined in paragraph 7.3 below.

3.6. Orders cannot be changed or removed after placed in the market. Stop Loss and Take Profit Orders may be changed even if the trade was placed in the market as long as they are higher in distance than a specific level (depending on the trading symbol).

3.7. The Client may change the expiry date of Pending Orders or delete or modify a Pending Order before it is executed, if it is not Good-Till-Cancelled (GTC).

3.8. The Company shall receive and transmit for execution to the Execution Venue all Orders given by the Client strictly in accordance with their terms. The Company will have no responsibility for checking the accuracy of any Order.

3.9. CFD Orders are executed as follows:

- (a) Take Profit (T/P) orders are executed at first market prices;
- (b) Stop Loss (S/L) orders are executed at first market prices;
- (c) Stop Loss (S/L) orders set for lock positions are executed at first market prices;
- (d) Limit orders are executed at first market prices;
- (e) Buy Stop and Sell Stop orders for position opening are executed at first market prices.

3.10. During the course of this Agreement in relation to all individual CFD trading the Company will execute Client CFD Orders by following the STP model.

3.11. The Company is under no obligation, unless otherwise agreed in the Agreement, to monitor or advise the Client on the status of any Transaction or to close out any Client's Open Positions. When the Company decides to do so, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue.

3.12. It is the Client's responsibility to be aware of his positions at all times.

3.13. The Quotes appearing on the Client's terminal are based on the quotes from our Execution Venues and are indicative quotes and hence the actual execution price may vary depending on the market conditions. For example, if there is high volatility in the Underlying Market the

execution of the Order may change due to execution time and also the Client may ask for price but he will get the first price that will be in the market and this may result in positive or negative Slippage for the Client.

- 3.14. In the event that the Company is unable to proceed with an Order, with regard to price or size or other reason, depending on the Order type, the Order may be rejected or partially filled. Under the STP execution model offered by the Company re-quotes from the Company are not possible.

4. Spreads and Swaps

4.1. The Company's BID and ASK prices for a given CFD are calculated by reference to the price of the relevant Underlying Asset, provided by the Company's Execution Venue(s). The Execution Venues obtain prices (BID and ASK prices) of the Underlying Asset for a given CFD from third party reputable external reference sources (i.e. price feeders). The Execution Venues then use these prices to calculate their own tradable prices for a given CFD and provide them to the Company.

4.2. The Company obtains the prices from the Execution Venue(s) and then the Company increases the Spread (i.e. the difference between the BID and ASK prices). So, the prices it quotes to Clients compared to the prices it obtains from third party external reference sources are higher, as they include a mark-up.

4.3. For keeping a position overnight in some types of CFDs the Client may be required to pay or receive financing fees "Swap/Rollover". Swaps are calculated when the position is kept open overnight at midnight (00:00 CET). From Friday to Wednesday, swaps are usually calculated once and from Wednesday to Thursday are calculated in triple size (For some CFDs Swaps are tripled on Friday). If the swaps are not charged in triple size, a swap fee can be charged during weekends as well.

4.4. All prices and Swaps appear on the Platform and may change from time to time, without prior notice.

5. Lots

5.1. The 1 (one) standard lot size is the measurement unit specified for each CFD. The Company may offer standard lots, micro-lots and mini-lots, in its discretion, as defined from time to time in the Contract Specifications or the Company's Website.

6. Trailing Stop, Expert Advisor and Stop Loss Orders

6.1. The Client agrees that trading operations using additional functions of the Client Trading Terminal such as Trailing Stop and/or Expert Advisor are executed completely under the Client's responsibility, as they depend directly on his trading terminal and the Company bears no responsibility whatsoever.

6.2. The Client agrees that placing a Stop Loss Order will not necessarily limit losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.

7. Margin Requirements

7.1. The Client shall provide and maintain the Initial Margin and/or Hedged Margin in such limits as the Company, at its sole discretion, may determine at any time under the Contract Specifications for each type of CFD. These appear on the Website and/or Platform.

7.2. The Company has the right to change the Margin requirements, according to paragraphs 25.5 and 25.6 of the Client Agreement.

7.3. Without prejudice to paragraph 13.1 of the Client Agreement, the Company has the right to close at market prices and or limit the size of Client Open Positions and to refuse new Client Orders to establish new positions in any of the following cases:

- (a) The Company considers that there are abnormal trading conditions.
- (b) The value of Client collateral falls below the minimum Margin requirement.
- (c) At any time, Equity (current balance including open positions) is equal to or less than a specified percentage of the margin (collateral) needed to keep the open position.
- (d) In case of fraud or Abusive Trading of the Client.
- (e) The system of the Company rejects the Order due to trading limits imposed on the Client Account.

When the Margin Level reaches the Stop Out Level (ratio of Equity to Margin in the Client Account), the Client positions will start closing automatically at market prices starting with the most losing Order and the Company has the right to refuse a new Orders. Stop Out level is available on the Website and/or the Platform.

- (f) When the Client fails to take a measure of paragraph 7.4 below. However, it is understood that it is the Client's responsibility to monitor, at all times, the amount deposited in the Client Account against the amount of Maintenance Margin required and it is understood that the Company has the right to take the actions of this paragraph, even if a Margin Call is not made under paragraph 7.4 below.

- (g) When the Client is holding a position Open on Future after the official expiry date.

7.4. The Company does not have an obligation to make Margin Calls to the Client (indulging the situation when the Platform automatically warns the Client that it reached a specific percentage of the Margin in the Client Account). However, if the Company does make a Margin Call then the Client could take any or all of the three options within a short time, to deal with the situation:

- (a) Limit his exposure (close trades); or
- (b) Hedge his positions (open counter positions to the ones he has right now) while re-evaluating the situation; or
- (c) Deposit more money in his Client Account.

7.5. Margin must be paid in monetary funds in the Currency of the Client Account.

7.6. The Client undertakes neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the Margin transferred to the Company.

8. Settlement

8.1. Upon completing a Transaction:

- (a) You shall be liable for the Difference if the Transaction is:

- i) a Sell, and the closing price of the Transaction is higher than the opening price of the Transaction; or
 - ii) a Buy, and the closing price of the Transaction is lower than the opening price of the Transaction.
- (b) You shall receive the Difference if the Transaction is:
- i) a Sell, and the closing price of the Transaction is lower than the opening price of the Transaction; or
 - ii) a Buy, and the closing price of the Transaction is higher than the opening price of the Transaction.

8.2. Unless we agree otherwise, all sums for which either Party is liable under paragraph 8.1 above are immediacy payable upon closing of the Transaction. You hereby authorise us to debit or credit your Trading Account with the relevant sums at the closing of each Transaction. It is understood that once you place an Order, until such Order is executed and the Transaction is closed, the Maintenance Margin shall not be used as collateral and hence shall be unavailable for withdrawal.

9. Swap - Free Accounts

9.1. The Company offers Swap-free Client Accounts for CFD trading. During the Account Opening process, Clients might be considered as eligible for a Swap-free Account.

9.2. If the Client has a Swap-free Client Account, no Swaps or roll over charges will be applied to Open Positions overnight.

9.3. Clients who have Swap-free Client Account may not hold their floating positions for a long time period and hence gain profits. Long time period in this case shall mean more than 3 days. In such an event, the Client must close the floating positions and Swaps will be applied retroactively.

9.4. Hedging a position by its corresponding CFD contract in a Swap-free Account is forbidden. In such an event, the Client must close the hedges immediately and Swaps will be applied retroactively.

9.5 The Company reserves the right to revoke a swap - free account without providing a reason to the Client. The Company also reserves the right to terminate the Client agreement and/or charge swaps for all transactions currently and/or previously made in the account and decline from accepting any further requests from the Client to be exempted from swap charges, in cases where the Company at its sole discretion, suspects that the account is being used in an abusive way.

9.5. All the provisions herein in this entire Agreement apply to Swap free Client Accounts save any mentions to Swaps.

which the Client from time to time entrust to the Company, as such portfolio is varied from time to time in accordance with the provisions hereof) and the Company accepts this appointment, which means the Company's authority to automatically conclude any Transactions or Orders and perform operations with the Client's Portfolio on a discretionary basis, without preliminary consultations or approvals each time with the Client.

3.2 It is agreed and understood that the Portfolio Management orders do not require the Client's approval or confirmation or consent or his interference in the characteristics of an Order each time an Order is placed. For these purposes, the Client hereby grants to the Company authority to automatically execute all such Orders on a discretionary basis without preliminary consultations with or approvals or consent from the Client each time.

3.3 The Client has the right to close a particular Order or disconnect from the Portfolio Management service by sending a relevant notification to the Company's Portfolio Management department. From the moment the client ceases to receive the Portfolio Management Service, the Client will take his own decisions regarding his Orders, opening or closing or modifying his positions and the Company will execute such Client Orders according to the instructions of the Client. However, the Client acknowledges and accepts that his intervention may frustrate the trading strategy of the Portfolio Manager and cause losses to the Client. In addition, if the Client modifies or cancels the Orders of the Portfolio Manager, the Client may achieve a materially different result than the Portfolio Manager's Orders and the Client may suffer loss as a result.

4. Acknowledgments

4.1. The Client acknowledges that the use or reliance of the trading history of the Portfolio Manager does not guarantee the future performance or that the Client will not suffer losses. In providing the information of each strategy the Portfolio Manager created on the Platform or its Website, the Company is not considered as providing advice or recommendations or suggestions or assurance or guarantee that his future trades will be consistent with his previous successful trading activity.

7.3. The value of the Client's Portfolio may be calculated at the end of each Business Day and may be observed by you on the Platform at the end of the day.
